## **CENTRAL STATE UNIVERSITY 2023 Security & Fire Safety Report**

### **Campus Safety and Security: A Shared Responsibility**

Campus Safety and Security at Central State University (CSU) is a shared responsibility. Clearly the best protection against campus crime is an aware, informed, alert campus community—students, faculty and staff who use reason and caution—along with a strong law-enforcement presence. Many of our students, faculty, staff, and visitors do not experience crime at CSU. However, despite our best efforts, crimes sometimes occur. This information is provided because of our commitment to campus safety and security and in compliance with the federal law, The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act). The information that follows is designed to inform current and prospective students, employees, and visitors of the primary programs, policies, procedures, and services that support the safety, security, and well-being of those who study and work at CSU. If you have concerns, questions, or comments about federal or state law requirements or CSU compliance with these laws, please contact the Chief Government Relations Officer at 937-376-6332.

### **Central State University Main Campus**

Central State University in Wilberforce, Ohio, is one of the nation's oldest historically black universities, with a 130-year legacy of academic and athletic achievements. CSU is the only public HBCU (Historically Black Colleges and Universities) in the State of Ohio. It is in the Village of Wilberforce within Greene County, Ohio. Greene County is a rapidly growing area, enriched by diversity and economic growth. Central State University also has a commuter only location in Dayton, Ohio. The College of Engineering, Science, Technology & Agriculture, the College of Education, the College of Humanities, Arts and Sciences, and the College of Business form the core of the University's varied academic offerings.

CSU Dayton, a centrally located branch in Dayton, Ohio, offers a range of courses and class schedules that serve the needs of nontraditional learners wishing to complete their undergraduate degrees or take advantage of professional development opportunities.

### **The Campus Security Act Legal Requirements**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistic Act, originally known as the Crime Awareness and Campus Security Act of 1990, is codified in the U.S. Department of Education Rules and Regulations CFR 34, Part 668.46. It is commonly referred to as the Clery Act.

The Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4), among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Act.

Hard copies of this report are available upon written request from the Central State University Department of Public Safety, 1400 Brush Row Road, P.O. Box 1004, Wilberforce, Ohio, 45384, or by calling (937) 376-6368. At Central State University, the Department of Public Safety is

responsible for the collection, entry, posting, and dissemination of all data for the Jeanne Clery Act Report onto the U.S. Department of Education’s web-based data collection site. The Director of Public Safety is also responsible for the active implementation of campus security policies as prescribed by the Clery Act. The Chief Government Relations Officer of CSU is responsible for ensuring full compliance with the Clery Act and implementation of institutional security policies. The Director of Department of Public Safety, who also serves as the Chief of Police, ensures the compilation of this report employing the most current guidelines established by the U.S. Department of Education. A notice is posted annually informing students and employees that they can access the report by logging onto the University website at: <http://www.centralstate.edu>.

To create this report, the Director of Public Safety collects statistical data from the Ohio Highway Patrol, Dayton Police Department, the Greene County Sheriff’s Office, and other neighboring law enforcement agencies. These cooperating law enforcement agencies support the campus police in many areas of public safety, and they also assist in the compilation of data as defined by the Jeanne Clery Act.

Additional information related to campus safety may come from individuals serving in positions that have been identified as campus security authorities as defined by the Jeanne Clery Act. The Chief Government Relations Officer and the Director of Public Safety share responsibility for ensuring the proper collection of data and reports that will be used in the reporting process.

### **The Department of Public Safety**

The Department of Public Safety is committed to enhancing the quality of life of the campus community, integrating the best practices of community policing with state-of-the-art security technology. DPS has full-time employees who report to the Director of Public Safety.

### **Central State University Police Department**

The Central State University Police Department (CSUPD) maintains 24/7 police patrols on campus—by foot, car, motorized vehicles, and bicycles. With a police force of fourteen sworn officers, the CSUPD also works closely with the Ohio State Highway Patrol, Greene County Sheriff’s Department, Wilberforce University Police, and other local police agencies. CSU Police Officers have full sworn law enforcement powers, including the authority to make arrests for criminal violations. CSU Police Officers receive their legal authority from section 3345.04 of the Ohio Revised Code. All officers are certified by, and have met the training requirements by, the Ohio Peace Officers Training Association.

Once an officer has completed police academy training, he or she participates in a Field Training Program, developed, and coordinated through the Department of Public Safety. Officers remain in probationary status for a year after they are hired. The CSUPD provides annual in-service training. Officers also attend specialized training to enhance their skills as a police officer.

The Director/Chief serves as CSUPD’s law enforcement liaison with city, state and federal law enforcement officials and neighborhood town watch organizations, community, and civic groups.

### **Central State Police Dispatch & Emergency Contact**

Central State University maintains a contractual agreement with Greene Central Communications who serve as the dispatch and contact for 911 emergency services. The Greene Central Communication center functions 24 hours a day, 365 days a year and serves as dispatch for other surrounding police, fire, and EMS in the Greene County area. Greene Central Communications utilizes Computer Aided Dispatch (CAD) which gathers information on all 9-1-1 calls made by CSU. In addition, Greene Central Communication is the direct contact for the 10-emergency blue light phones on campus all dispatches officers to all non-emergency calls for assistance from Central State University.

To reach the police faculty and students must dial (937) 376-5111 for non-emergencies or 911 for emergencies. Central State University Police Department in certain situations will respond to addresses or locations within the Village of Wilberforce or to Wilberforce University. All students, faculty and staff are encouraged to program the Greene Central Communication phone number, (937) 376-5111, into their cell phones in case of emergency.

### **Medical Emergencies**

In the event of a medical emergency dial (9) 911 to contact emergency services. The primary goal is attaining medical assistance. If possible, contact your Residence Life staff and University Police and inform them of the nature of the medical emergency.

### **Fire and Emergency Services**

The emergency EMS/Fire services are contracted with the City of Xenia Fire Division.

### **Fire Safety Report**

#### **Important Definitions**

##### **Fire**

Any instance of open flame or other burning in a place not intended to contain the burning, or in an uncontrolled manner.

##### **Fire drill**

A supervised practice of a mandatory evacuation of a building for a fire.

##### **Cause of fire**

The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

##### **Fire-related injury**

Any instance in which a person is injured because of a fire, including an injury sustained from a natural or accidental cause while involved in fire control, attempting rescue, or escape from the dangers of the fire. The term “person” may include students, faculty, staff, visitors, firefighters, or any other individuals.

##### **Fire-related death**

Any instance in which a person (1) is killed because of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escape from the dangers of the fire; or (2) dies within one year of injuries sustained because of the fire.

### **Fire safety system**

Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This system includes sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert one to the presence of a fire, such as alarms, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls to reduce the spread of fire.

### **Value of Property Damage**

The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

### **Fire Safety Equipment**

Smoke detectors and sprinkler systems. All residence halls have smoke detectors and sprinkler systems installed. Each building is monitored by a Protection One listed monitoring company (Emergency24) who dispatches the Xenia Fire Department and calls the Central State University Police Department.

The Dayton Campus is monitored by Simplex Grinnell and has smoke detectors and sprinkler systems installed. The building alarm system is monitored by Simplex, who dispatches the Dayton Fire Department.

### **Policies and Procedures**

Emergency procedures for evacuation are posted in residents' rooms. For safety reasons, all residents and guests must vacate the building during every fire alarm. All residential units are equipped with a sprinkler system. Each hallway is equipped with a dry chemical fire extinguisher. Residents are responsible for making certain that fire extinguishers are not discharged unnecessarily. Mega City Fire Protection Service conducts periodic inspections of all fire safety equipment to ensure proper working order. Any situation necessitating the use of a fire extinguisher should be reported to Police Department immediately. Any extinguisher determined to have been discharged or damaged unnecessarily will be billed to the person(s) responsible. If individual unit doors are propped open, an occupant of the room must be inside the unit. In conjunction with Xenia Fire Code (for the Main Campus) and Dayton Fire Codes (for the Dayton Campus), unit doors may not be propped open by unlatching the automatic closure mechanism which is installed on each door. In compliance with Xenia Fire Code (for the Main Campus) and Dayton Fire Codes (for CSU Dayton), unlatching automatic door closure mechanisms, or propping individual unit doors open and having no one inside, may result in a fine or disciplinary action.

### **Fire safety regulations**

For fire safety reasons, toasters, toaster ovens, hot plates, any appliance with an exposed heating

element, incense, and candles are not permitted in campus housing. Smoking is not permitted in any of the Central State University residence halls.

### **Open-Flame Devices/Combustibles**

For fire safety reasons, gasoline, charcoal, charcoal fluid, and other combustible items are not permitted in the residential communities. Also, fuel-driven engines are not allowed to be stored in student housing. This includes storage of motorcycles, mopeds, etc. Open-flame devices are not allowed for safety reasons. This includes candles, kerosene lamps, incense, gas-powered lanterns and/or camping stoves, personal gas or charcoal grills, propane torches, etc. Fire safety concerns also prohibit live or cut evergreen trees and/or boughs in student rooms/apartments.

### **Weapons, Firearms, Ammunition, or Fireworks**

Prohibited items include, but are not limited to, pistols, rifles, shotguns, BB-guns, pellet guns, bow and arrow, spears, machete, hunter knife, paint guns, etc. For fire and general safety reasons the possession of firearms, ammunition, firecrackers, explosive or combustible materials, and/or injury-threatening weapons are prohibited. Individuals found to be in possession of a firearm will be subject to immediate cancellation of their Residence Agreement and will face further University disciplinary and/or criminal action.

### **Fire Drills/Safety Education**

Periodically, facilities management staff conduct fire/health/safety inspections of each unit. Dates and times of these inspections will be posted by the facilities management staff prior to inspections taking place, although we reserve the right not to post notices about the inspections. To comply with state and local fire regulations and for fire safety education, unannounced fire drills are conducted each semester. All persons inside the residence halls during emergency drills are required to evacuate the buildings. Failure to evacuate the residence hall for any reason, including sleeping through an alarm, may result in disciplinary action. The CSU Police Department, in partnership with the Office of Residence Life, conducts the fire drills. Resident Assistants may recruit evacuation assistants and discuss expectations during floor/area meetings. Resident Assistants also enforce policies and coordinate fire safety programs.

### **Fire Evacuation Procedures**

In the event of a fire, the residential unit will be evacuated to protect the health and safety of the residents, guests, and visitors. When an alarm is sounded, you must assume there is an emergency, and you must follow the following steps. Students who encounter a fire in a building should sound the alarm and leave the building by the nearest exit. Failure to evacuate a building upon hearing a fire alarm is a violation of university policy as well as a violation of state law.

### **General Evacuation Rules**

1. Remain calm.
2. If you encounter a fire, activate the nearest fire alarm pull station and leave the building by the nearest exit.
3. Call the Greene County Central Communication Center by dialing 9-376-5111 or 911; at Dayton location, contact Regional Dispatch Center at (937) 225-4357 or 911. Give as much information as you can to the dispatcher. Do not hang up until the dispatcher tells you that he/she

has all the information they need.

4. Do not attempt to put out fires or rescue others unless you can do so safely.
5. When evacuating the building during an emergency, please utilize the closest stairwell and exit to your room.
6. Do not attempt to use elevators during a fire alarm.
7. Do not re-enter the building until authorized by emergency personnel.
8. You will be expected to adhere to any requests made to you by the resident assistants (RAs), Residence Life staff members, or other university/emergency personnel.
9. Upon exiting the building, please move at least one hundred feet away from the building and out of the roadways. By adhering to this request, you will enhance our evacuation efforts, as well as ensure that emergency personnel can get vehicles and equipment to the buildings.

### **Where to Go When Alerted to the Possibility of Fire**

If there is smoke in the room, drop to the floor and stay low. Smoke inhalation is often fatal. Feel the doorknob before opening the door. If hot, do not open the door. If cool, brace against door and open slowly. If heat or heavy smoke is present, close door and remain in room.

### **Evacuation Assistance**

Residents with physical disabilities who have requested assistance during an emergency evacuation will be assisted by trained student volunteers, Resident Assistants, student employees, and attendants. Questions should be directed to the Residence Life staff.

### **If You Cannot Leave Your Room or Exit Safely**

1. Remain calm. Seal up the cracks around the door using sheets, towels, or clothing to prevent smoke from entering your room. These items should be wet if possible.
2. Hang an object out the window (sheet, jacket, and shirt) to attract attention of the Fire Department. Call the Greene Country Central Communication Center at 937-376-5111 or 911 to report that you are trapped and give your location. At the Dayton location, contact the Regional Dispatch Center at (937) 225-4357 or 911.
3. Stay near a window and low to the ground. A wet cloth will aid in breathing if smoke is in the room.

### **If You Can Leave Your Room**

1. Take a wet cloth for your face to aid in breathing if you run into smoke.
2. Close the door behind you and take your keys.
3. Proceed to nearest exit. Do not use an elevator; you could become trapped. If exit is blocked with smoke or fire, proceed to another exit. Keep low to the ground if smoke is present. Cover face with wet cloth and take short breaths of air.
4. Stand clear of building after evacuating and follow the directions of fire, police, and residence hall personnel. Never re-enter a burning building.

### **Reporting a Fire**

To report a fire, students and residence life staff should contact the Greene Country Central Communication Center at 937-376-5111 or 911 from any campus phone. At CSU Dayton, contact Regional Dispatch Center at (937) 225-4357 or 911.

**Reporting Crimes**

The CSU Police Department can be contacted 24 hours a day, seven days a week. All criminal and fire-related incidents should be reported to the Department of Public Safety for response and documentation. Students, employees, contractors, vendors, and visitors should immediately report any criminal activity they witness or are the victim of to a campus authority.

Every person on campus is an important member of the Public Safety team. To report a crime or request information, please contact CSU's dispatchers (Greene Central Communications), which is staffed 24/7, by trained dispatchers who support the CSUPD in all emergency and non-emergency situations.

If anyone needs assistance or observes anything suspicious on campus or in the immediate vicinity, contact the police by dialing:

- Non-emergencies (937) 376-5111
- Emergencies 9-1-1

In all cases, when dialing from a campus land-line telephone, you must dial nine (9) and wait for a dial tone, then complete the number.

You can also report a criminal incident in person at the Department of Public Safety between the hours of 8am-4pm Monday thru Friday. To meet with an officer, just dial (937) 376-5111, 24 hours a day, seven days a week.

### **Campus Safety, Security and Police Authority**

Central State is committed to maintaining a staff of competent, committed and concerned professionals to deliver public safety services to the University. All CSU police and emergency medical service personnel are trained and certified by the State of Ohio. Police personnel have the same police powers as municipal, county and state peace officers. Central State University police officers have the full authority of peace officers as granted by Ohio Revised Code 3345.04 in that.

*“...(B) Subject to division (C) of this section, the board of trustees of a state university, the board of trustees of the northeastern Ohio universities college of medicine, the board of trustees of a state community college, and the board of trustees of a technical college or community college district operating a technical or a community college may designate one or more employees of the institution, as a state university law enforcement officer, in accordance with section 109.77 of the Revised Code, and, as state university law enforcement officers, those employees shall take an oath of office, wear the badge of office, serve as peace officers for the college or university, and give bond to the state for the proper and faithful discharge of their duties in the amount that the board of trustees requires.”*

Police department officers meet all requirements of the Ohio Peace Officer Training Commission, and each receives in-service training annually. Members of our staff regularly serve as department instructors, and they receive updated training courses as needed. The Department of Public Safety is charged with providing services that impact on the safety and security at the University. At Central State, safety and security are seen as critical elements in maintaining an enjoyable quality of life on campus. Our Department of Public Safety is service-oriented and tailored to meet the needs of our students and staff. If minor offenses involving University rules and regulations are committed by a university student, the campus police may also refer the individual to the Dean of Students who acts as the University’s Chief Judicial Officer.

### **Inter-Agency Cooperation**

The Central State University Police Department is a member of area law enforcement agencies that have signed a Memorandum of Understanding calling for combining their resources in the effort to reduce and investigate crime. The major felony offenses of rape and murder are reported to the agencies covered by the mutual aid agreement. Their joint investigative efforts are deployed

to solve these serious felony crimes. The prosecution of all criminal offenses, both felony and misdemeanor, is conducted at the Xenia Municipal Court, Greene County Court, or the appropriate federal court, if required. Agencies covered by the agreement may cross jurisdictional boundaries in the effort to reduce or investigate crimes.

CSU campus police have direct radio communications with cooperating local agencies and the Greene County Sheriff’s Department through a joint communications center that is also part of the Greene County 911 Emergency Communications System.

Through the Greene County 911 Emergency Communications System, the CSU Police Department has access to information from the National Law Enforcement Telecommunications Network (NLETS) and the National Crime Information Center (NCIC) system. These computer systems are used exclusively for law enforcement purposes to access criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state, and federal law enforcement information.

**Daily Crime Log**

The Director of the Department of Public Safety ensures the maintenance of a Daily Crime Log at the police department. The Daily Crime Log records, by the date an incident was reported, all crimes and other serious incidents that occur on the main or satellite campus, or within the department’s jurisdictional boundaries. A senior officer on each shift is responsible for collecting incident and crime data each day.

The Director of Public Safety appoints a designee to collect the daily data for entry into the Daily Crime Log. The Daily Crime Log is available for public inspection at the department headquarters. The Director or his/her designee will also request Clery specific data from area police agencies for inclusion in the annual Clery Report. The Director or his/her designee will ensure that the data is accurately counted annually and submitted to the U.S. Department of Education.

Some law enforcement agencies do not maintain separate statistical crime data required under the Jeanne Clery Act. In those instances, the Director will report to the Department of Education that the specific agency does not maintain Clery reporting data as it relates to students and student activities and Central State University. The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known at the time the log is created and reserves the right to exclude specific reports from the log in certain circumstances.

Data is collected for the following incidents on campus:

Murder and non-negligent manslaughter	Aggravated assault
Negligent manslaughter	Burglary
Forcible sex crimes	Motor vehicle theft
Non-forcible sex crimes	Arson
Robbery	Hate crimes

Domestic violence	Dating violence
Stalking	

Or persons arrested and processed for:

Weapons violations
Violation of drug laws
Violations of Ohio liquor laws

Or any student referred to the campus judiciary for:

Weapons violations
Violation of drug laws
Violations of Ohio liquor laws

## DATA COLLECTION

### Crime Data Collection

The CSU police department compiles the department crime statistics, aided by a web-based crime reporting system known as the National Incident Based Reporting System (NIBRS). The department publishes an annual report that spells out crimes reported to the campus police and offers crime analysis and past-years comparisons. Central State University police also participate in the Uniform Crime Reporting Program through which statistics are filed with the State of Ohio and passed on at the federal level to the Federal Bureau of Investigation. The CSU police department encourages anyone who is the victim of or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the CSU police department cannot hold reports of crime in confidence.

### Statistics from Local Police

The Department of Public Safety is responsible for ensuring the collection of crime statistic data from the cities of Dayton, Xenia, and the Greene County Sheriff’s Office, for inclusion into the annual report. Each year the Central State University Police Department will make a good-faith effort to collect data required under the Act from local and state law enforcement agencies within the CSU jurisdiction. Request will be made through written documentation and the response from those agencies is recorded.

### Crime Analysis

The Department of Public Safety tracks incident trends to ensure the most effective deployment of personnel and keep abreast of trends that should be addressed in our crime prevention and educational efforts.

## **Campus Maintenance and Security**

All residence halls and other campus facilities are monitored by surveillance equipment, Residence Life staff and police personnel. Police personnel report daily on all observations, conditions of campus lighting, facilities needing repair and unusual conduct. The campus is well lit at all parking lots, walkways and building exteriors. Campus maintenance staff routinely checks the conditions of street lighting, exterior lighting, and emergency lighting to insure proper operation. Fire extinguishers, fire safety systems and other emergency systems are assessed frequently to maintain certification and operability. Unsafe conditions such as overgrown brush and shrubbery are kept trimmed to retain beautification and not create hazards. Maintenance staff are available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions also may include unsafe steps, handrails, sidewalks, roadway conditions and unsecured equipment.

## **Anonymous and Confidential Crime Reporting**

### **Anonymous “Silent Witness” Hotline**

Anyone who desires to remain anonymous when reporting a crime may telephone a special “Silent Witness” anonymous hotline and leave a message about the crime or incident. This number is completely confidential; the caller will remain anonymous and will not be contacted.

- Anonymous Hot-line 937-376-6385.

### **Confidential Reporting**

Any victim of a crime who does not want to pursue action within the University system or the criminal justice system may still want to consider making a confidential report. The purpose of a confidential report is to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With such information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime regarding a particular location, method, or assailant, and alert the campus community to a potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. Fear or concerns about social stigmas may cause some people to remain silent about victimization or being a witness to a crime. Instead of remaining silent, we encourage students to use Central State University’s voluntary, confidential crime reporting procedures. With the student’s permission, the police department can take details of most incidents without revealing identity. Some exceptions to this rule involve incidents of violent domestic crimes, crimes involving weapons, murder and other serious crimes that may place others at risk.

Reports made to campus security authorities will be routed to the Department of Public Safety for documentation and follow-up. In some instances, information may be used to generate campus warning reports to the University community.

Crimes reported confidentially or anonymously may not appear in the reported statistical data.

Except for confidential communications made to pastoral counselors and licensed psychological counselors, all University employees are required to report any crime. Also, it is important for

university employees to report statistical information which may not include personnel identifiers. Confidential reports that provide sufficient detailed information for classification of the offense by law enforcement officials using FBI uniform crime reporting guidelines will be included in crime statistics

### **Weapons Policy**

The possession, use or sale of firearms, ammunition, explosives, or other dangerous weapons as defined by Ohio Revised statutes, are forbidden, except by authorized law enforcement personnel, and will subject the violator to criminal prosecution and University sanctions. Please see University Policy No. 320, Firearms Deadly Weapons Explosives or Dangerous Ordinances.

### **Hate Incidents**

Incidents involving the degradation of any person based on race, gender, religion, sexual orientation, ethnicity/national origin, disability, or any classification protected under local, state, or federal law will not be tolerated. Incidents of a criminal nature will be referred for criminal prosecution.

### **Workplace Violence**

The administration at Central State University is concerned about the personal safety and security of every student, employee, and guest within the campus jurisdiction. University policy does not tolerate violence, threats of violence or acts of aggression against any person. It is the responsibility of everyone to report violence or threats of violence to CSU Police or appropriate supervisory personnel immediately. Any employee or student who engages in acts of violence or who makes threats of violence will be subject to university discipline and possible criminal and/or civil action.

### **Sexual Offender Registration**

The federal Campus Sex Crimes Prevention Act (“CSCPA”), enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteer services or is a student.

In Ohio, convicted sex offenders must register with the county sheriff’s office. In Ohio, a state web site provides public access to information concerning convicted sex offenders anywhere in Ohio by entering a name, county, zip code or school district. This database is linked to all 88 Ohio County Sheriff’s offices and all thirty-two correctional facility records Offices of the Ohio Department of Rehabilitation and Corrections. The web site is located on the Ohio Attorney General’s web page, and it provides one location for all Ohio law enforcement officials to freely share information on registered sex offenders.

The Ohio web site is [http://www.communitynotification.com/cap\\_main.php?office=55149](http://www.communitynotification.com/cap_main.php?office=55149)

Information on registered sex offenders can also be obtain by contacting the Greene County Sheriff's Office at 120 E Main St, Xenia, Ohio, 45385, or by calling (937) 562-4818, or visit their website at <http://www.co.greene.oh.us/486/Sheriff>.

Central State University is required to inform the campus community that a registration list of sex offenders will be maintained and available at two campus locations: the Department of Public Safety in Simpson Hall and the Dean of Students office, located on the third floor of the Student Union (Ward Center).

The CSCPA further amends the Family Educational Rights and Privacy Act of 1974 (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

### **Sexual Harassment**

The Student Handbook provides specific standards for acts considered to be sexual harassment. Sexual harassment violates fundamental rights, individual dignity, and personal integrity, and is not tolerated at Central State University. Not every act that might be offensive to one individual or group will be considered sexual harassment and/or a violation of the University's standards of conduct.

In determining whether an act constitutes harassment, the totality of the circumstances that pertain to any given incident in its context must be carefully reviewed, and consideration must be given to the protection of individual rights, freedom of speech, academic freedom, and advocacy. Every student and employee of Central State University is required to become familiar with the University's policy on sexual harassment.

For students, the Discrimination, Harassment, Sexual Misconduct and Retaliation Policy may be viewed in the student handbook or on the University website at <http://www.centralstate.edu/faculty/policies/documents/204-Student-Sexual-Harassment-and-Discrimination-Policy.pdf>

For employees, the ADA and Equal Opportunity Discrimination Sexual Harassment Complaint Procedure can be viewed online at [http://www.centralstate.edu/faculty/faculty\\_staff.php?num=1#hr](http://www.centralstate.edu/faculty/faculty_staff.php?num=1#hr) and then clicking on Human Resources Policies 607 and 607.1.

### **Central State University Police Crime Prevention Officer**

The CSU Police Department provides safety workshops and forums each year to student groups, members of the faculty and the staff. The Crime Prevention Officer is available to consult with individuals or departments regarding crime prevention and safety issues and to help and support victims of crime. Safety presentations can be found on the Division of Public Safety website at [http://www.centralstate.edu/service/police\\_safety/index.php](http://www.centralstate.edu/service/police_safety/index.php).

The Crime Prevention Officer serves as the University coordinator for support services for

sensitive crimes, such as rape or attempted rape, acquaintance rape, sexual or domestic violence. The Crime Prevention Officer serves on various University committees that review and develop policies on these and related issues. The Crime Prevention Officer also interacts with academic departments, the Dean of Students, Residence Life, and many other divisions across the University. Every effort is made to protect the confidentiality of all victims and/or complainants.

To contact the Crime Prevention Officer during normal business hours, call (937)376-6368 from a campus telephone. For emergency support 24 hours a day, seven days a week, dial 911 or (937) 376-5111.

### **Security and Technical Services**

The CSUPD has the primary responsibility for developing and implementing the University security management plan. The CSUPD provides guidance and oversight for the design and installation of all electronic security for the University. The department also provides campus-wide electronic security systems administration and support. Currently, this includes emergency blue light telephones, electronic access control systems and monitoring for safety and security purposes.

### **Timely Warnings**

It is the policy of Central State University to issue safety alerts, known as Timely Warnings, to the University community to advise members of criminal acts, or other emergency occurrences on campus or in the immediate vicinity to aid in the prevention of similar incidents. When the Division of Public Safety becomes aware of criminal incidents that constitute an ongoing or continuing threat to the campus community, the Department of Public Safety issues a Crime Alert to notify the community.

These Crime Alerts are disseminated via text message (CSU Emergency Alert) and through campus email, the website, and residence hall staff. Criminal acts in each of the categories reflected in the statistical portion of this report shall be given the highest priority in determining the need to issue an alert.

If a situation arises, either on or off campus that is deemed as an ongoing or continuing threat, a campus-wide “Timely Warning” will be issued. The “Timely Warning Notification” will be related to a crime that is reportable under the Act, or that represents a threat to the campus community, (e.g., murder, manslaughter, rape, arson, and robbery). Timely Warning Notifications will be posted on all exterior doors of all campus buildings, including residence halls, and a copy will be given to the Dean of Students for dissemination.

Anyone with information warranting a Timely Warning should report the circumstances to the University Police Department located in the Simpson Building or call the non-emergency telephone number 937-376-5111 and ask to speak to a police officer. Confidential reports may be reported to the campus confidential “Hot Line” by calling 937-376-6385. Confidential informants will not be traced or contacted.

## **Sexual Assault, Prevention and Response**

The University provides information to the student community about sexual assaults and date rape through mandatory first-year student orientations. The University's Title IX Coordinator, Counseling Services, and other trained employees offer sexual assault education and information programs to University students and employees throughout the year, and upon request. Literature on date rape education, risk reduction, and University response is available through Student Health Services and the Office of Residence Life, as well as on the University's Sexual Misconduct (Title IX) website pages at <http://studentlife.centralstate.edu/index11.php?num=72>.

The priority for a victim of a sexual assault at Central State University should be to get to a place of safety. Necessary medical treatment should then be obtained. The University police department strongly advocates that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor in evidence collection and preservation. An assault should be reported directly to a university police officer, a local police officer (Ohio Highway Patrol Officer or Greene County Sheriff) and/or to a campus authority. University personnel will assist the victim in notifying these authorities if the victim requests the assistance of these personnel. Filing a police report with a university officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

Filing a police report will:

1. Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim.
2. Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam).
3. Assure the victim has access to free confidential counseling from counselors specifically trained in sexual assault crisis intervention.

When a sexual assault victim contacts the Central State University police department, the Title IX Coordinator will also be notified. Various counseling options are available from the University through the Student Health Center. Counseling and support services outside the University system can be obtained through local providers listed as resources on the University's Sexual Misconduct (Title IX) website pages found at <http://studentlife.centralstate.edu/index11.php?num=72>.

## **Sexual Assault/ Sexual Misconduct Policies**

### **Violations Defined**

#### **Sexual Assault**

Offensive sexual behavior which is exploitive of the other person or in violation of the law may result in disciplinary action up to and including dismissal. Sexual Assault is defined as sexual contact without consent and includes intentional touching, either of the victim or when the victim

is forced to touch, directly or through clothing, another person's genitals, breast, thigh, or buttocks; sexual intercourse without consent (whether by an acquaintance or a stranger); attempted rape; sodomy (oral sex or anal intercourse) without consent; or sexual penetration with an object without consent. Effective consent is informed, freely and actively given, mutually understandable words or action, which indicate a willingness to engage in mutually agreed upon sexual activity. Lack of consent is the absence of effective consent and/or sexual activity committed by force, intimidation or through use of the victim's mental incapacity or physical helplessness, including intoxication.

A physically incapacitated person is unable to give consent. A person may be physically incapacitated because of alcohol and/or drug consumption. Physical incapacitation includes being unconscious, unaware, or otherwise physically helpless. One may not engage in sexual activity with another whom one knows or should know to be physically incapacitated.

Sexual assault can occur in circumstances in which one may erroneously assume consent, including but not limited to the following:

- the attacker is someone known to the victim/survivor
- the assault happens on a date
- the individuals have engaged in consensual sexual touching and kissing prior to the assault
- individuals have had consensual sexual intercourse in the past
- the individuals are married
- the individuals are under the influence of alcohol or other drugs
- there was not a weapon involved
- there was no evidence of a struggle or resistance
- there are no other witnesses

### **Verbal Conduct**

Verbal conduct of a sexual nature is not defined as sexual assault. Verbal conduct of a sexual nature may constitute sexual misbehavior, which is prohibited under a separate University policy.

### **Immediate Assistance**

A student who is a victim of sexual assault should immediately report the assault and seek immediate medical and emotional assistance. In addition to contacting campus police at 911 or 937-376-5111, the student is encouraged to call on residence hall staff or other University faculty/staff with whom she/he feels comfortable. Central State University Campus Police will assist with transportation to the hospital if necessary. Until proper authorities have been notified, it is important not to bathe, shower, change clothes, douche, or disturb any of the physical evidence which may be necessary in the event of a disciplinary or criminal proceeding.

### **Action Process**

Students, faculty, and staff may make reports of sexual assault and sexual violence to Campus Police who in turn will notify the Xenia Police Department or the appropriate police agency. Victims/Survivors will be asked to file a report with Campus Police and the Xenia Police. Reports will be taken in a private location. Xenia Police reports are accessible by the public.

The University's Title IX Coordinator will provide a support person for both the accuser and the accused student. The role of the support person is to aid and serve as a resource of information.

The University recognizes that any decision to report and/or pursue charges for sexual assault through on-campus disciplinary and/or criminal channels is the right of the victim. The University's Title IX Officer and support persons will inform the victim and the alleged perpetrator of her/his rights, options of criminal prosecution, medical assistance, and the University complaint process.

The support person will assist the student with these contacts if requested. Confidential counseling, support resources, academic assistance, and alternative housing assignments will be discussed, as appropriate and requested. CSU and other University personnel will aid in preserving materials considered relevant to the internal complaint process and, when requested by the Campus Police, help in obtaining, securing, and maintaining evidence needed for criminal prosecution. At the request of the accusing student, appropriate measures will be taken to avoid retaliatory action if it appears that the safety or security of an individual is in jeopardy. This may include changes in class schedules and/or housing assignments. Students may be required to sign a "No Contact Order" to restrict any form of contact between the victim and alleged perpetrator.

A person who has been assaulted is encouraged to seek professional counseling. Information that is disclosed to a professional counselor is confidential. The University and the surrounding community offer a variety of support services. Appointments to see a counselor at Central State University are made by contacting the Counseling Center. A list of support and counseling resources can be found on the University's sexual misconduct (Title IX) website pages at <http://studentlife.centralstate.edu/index11.php?num=72>.

### **Sexual Assault Judicial Response**

Campus Police will investigate all reported sexual assaults. A student may or may not decide to pursue charges. Students who decide to pursue charges may do so through the University Title IX office. CSU's Chief of Police, or his designee, will interview the victim. If this inquiry results in an investigation and action is taken, the accused will be given the opportunity to respond to the allegations.

Persons with information relevant to the allegation may also be interviewed. Upon completion of the investigation, if sufficient evidence indicates that a sexual assault may have occurred, the matter will be referred for adjudication through the University's student conduct office if the accused is a CSU student. The judicial procedures and practices specified in the Student Handbook will be followed in cases of sexual assault. Upon completion of the adjudication process, both the accuser and the accused will be informed of the decision resulting from the hearing.

A person reporting a sexual assault may request to terminate the proceedings at any time by notifying the Title IX Coordinator in writing. However, the University may continue the proceedings if necessary for the wellbeing of the University community.

Members of the Title IX Adjudication Panel will receive training including basic information on

sexual assault, victim reaction to sexual assault, academic implications for victims, questions to ask in a hearing, and ways to interact with both the accusing and accused student in a hearing. The training should also include the impact of the judicial process on the accused student.

### **Reporting Information**

Given that sexual assault is a felony, disclosure by a survivor of an assault to any University official will be passed on to campus police. A survivor can make decisions about his/her level of involvement in an investigation and potential criminal or campus judicial action.

For reporting purposes, Central State University utilizes sex offense definitions from the National Incident Based Reporting Systems edition of the Uniform Crime Reporting Program which are as follows:

- Sex offenses - forcible: a) rape, b) sodomy, c) sexual assault with an object, d) forcible fondling
- Sex offenses - non-forcible: a) incest, b) statutory rape.

### **Education and Training**

Responsibility for educating the University community about sexual assault and sexual violence will rest with the Title IX Coordinator and the Director of Human Resources. Through various areas of the campus, educational materials and programs will be designed to assist members of the campus community in recognizing and preventing sexual assault and sexual violence.

### **Disciplinary Policies**

The University's student disciplinary procedures are described in the Student Handbook. Any student who fails to comply with university policies or local, state, or federal laws may be subject to discipline under the University Code of Student Conduct. Sanctions can include, but are not limited to, a reprimand, disciplinary probation, withdrawal of privileges, suspension, and expulsion. When a student's presence on campus is considered a threat to order, health or safety, the provost or his/her designee may impose a mandatory leave of absence or other conditions on the student's attendance.

### **Criminal Records**

Prospective students are asked about previous criminal records. Employees are also required to disclose all convictions for a felony, crime of violence, dishonesty or crime against property or involving the threat of violence. A criminal record, if relevant to the position in question, is a factor considered in the employment process.

### **Campus Judicial System**

At Central State University we develop, disseminate, interpret, review, and uphold campus policies. The student conduct and community standards officer seek to contribute to the education of individuals, as well as groups, to help them see beyond themselves in relation to their community. Campus policies are intended to protect the campus community from disruption and harm.

## University Sanctions

University disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook. The victim and the accused will be permitted to present their testimony and evidence during the adjudication process. The standard of proof for the Title IX Adjudication Panel shall be the preponderance of the evidence presented. The Adjudication Panel will be responsible for determining the admissibility of evidence. Evidence will be admissible if it directly relates to the level of responsibility, or the severity of sanction. Formal rules of evidence shall not apply. The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing.

### Sanctions can include one or more of the following:

Warning	Residence Life suspension (exclusion from living units)
Probation (disciplinary)	Interim suspension (imposed with specific requirements)
Restitution	Suspension (disciplinary)
Community Service	Expulsion (may not enter or remain on campus; loss of registration)
Educational (projects or assignments)	
Suspension	Suspended from university for a semester or academic year
Expulsion	Removed from university

A student found responsible for violating the University sexual misconduct policy could be criminally prosecuted in the state courts and may be suspended or expelled from the University. The accuser and the accused must be informed of the outcome of any institutional disciplinary proceedings alleging a sex offense.

### Changing Living and/or Academic Environment

Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault. A sexual assault can result in lasting physical and mental harm. If a Central State University student who survives a sexual assault or an assault stemming from relationship violence requests a change in her/his living arrangement or academic schedule, the Title IX Coordinator will assist in assuring that the change is made if those changes are available.

### Missing Persons

If a student, faculty, or staff member is reported as missing, the CSUPD follows specific steps, described below, to investigate that person's location. Central State University mandates that all students register contact information for use when a student over the age of 18 years is determined missing for a period of more than 24 hours. This information will be kept confidential and will be accessible only to authorized campus and law enforcement officials.

### Reporting Missing Persons

CSU's Police Department thoroughly investigates all persons reported as missing, whether they reside on or off campus. To report a missing person, dial 9-1-1 from a campus telephone or 937-376-9111. A missing person can also be reported in person at the CSU Police Department.

### **Procedures for a Missing Student**

If the missing student resides in on-campus housing, the CSU Police will notify the Resident Hall Coordinator where the student is housed. The Resident Hall Coordinator and Resident Assistant should be directed to contact neighbors and friends in the immediate vicinity of the student's room and report any findings to CSUPD.

- If the missing student residing on-campus has been missing for more than 24 hours, CSUPD will notify the student's designated emergency contact which is maintained in the University Management Information Services (UMIS) database.
- If the student is under 18 years old, the CSUPD will immediately notify a custodial parent or legal guardian; and the missing student will be entered into the National Crime Information Center by the CSUPD.
- If a student over 18 years old has not designated an emergency contact, the law enforcement agency where the student's primary residence is located will be notified.

The CSUPD will contact the Greene County Sheriff's Office for further information regarding the missing person. The CSUPD will also contact Counseling and Psychological Services (CAPS) if the student has been receiving counseling, as well as Student Health Services. Outpatient Emergency Rooms and Admissions in area hospitals will also be contacted.

If the student lives off campus, the CSUPD will contact the Dean of Students, who will attempt to contact the proprietor of the property to obtain the names of neighbors or fellow residents, if this information is not already known. The proprietor shall be asked to accompany CSUPD to the apartment of the missing student.

If the student has not been located within a reasonable amount of time, the Office of Residence Life may contact the student's parents or others for additional assistance.

### **Residence Life**

Residence Life is committed to growing leaders, enhancing communities, and retaining scholars. Residence Life is an integral part of the educational mission of Central State University. We are committed to providing a quality, enriching living-learning experience, resulting in academic and personal growth as well as development of the student. We strive to do this by providing a safe and comfortable living environment, hiring talented and reliable staff who produce entertaining and effective programming, and maintaining an open door in our office to address students' individual needs.

Living in one of the residence halls at Central State University is a vital component of a student's total learning and personal growth experience. It provides a unique opportunity for students to fully participate in campus life possible because of its proximity to cultural, intellectual, and social events. The idea of residence hall living is to create and maintain an environment that is conducive to the total development of each member of the community.

CSU undergraduate enrollment: 1745

CSU graduate enrollment: **30**

CSU campus housing complex: **11** residence halls

CSU total number of non-student employees: 540

### **Access to Residence Halls**

In the University's ongoing effort to provide residential students with reasonable, but still effective, security measures, all halls are equipped with electronic card access readers. Students assigned to residence halls are required to use their university identification cards (ID cards) to gain entry to their residence hall. All halls are locked 24 hours per day during the academic year. If a student has forgotten his ID card when no one is in the staff office, he will need to gain entry to the building by using the outside phone to call residence life staff, a roommate or friend inside the building. The contacted person will need to come to the front door to escort the student into the building, where the student must be verified as a resident by the staff member on duty.

Hall residents must sign in for all guests at the reception desk. The guest must present some sort of picture ID. If the guest does not have a University ID, a driver's license, or some sort of government issued photo ID, entry to the building will not be allowed.

### **Access to Campus**

The Central State University Police Department monitors vehicular and pedestrian traffic twenty-four hours daily. Individuals entering the campus must comply with campus rules and all state, municipal and federal laws. Anyone parked illegally will be subject to being ticketed and/or towed. Traffic rules are strictly enforced. Anyone remaining in a campus building beyond normal hours of operations or periods of approved visitation is subject to arrest by campus police. Non-residential people are not permitted in residence halls except by the expressed authorization of a Residence Hall Coordinator or authorized designee. The University utilizes keys, swipe cards and keypads to allow access to certain rooms and passages throughout the University. Access to campus buildings and facilities is restricted after normal hours of operation and opened during normal hours by police personnel. Residence halls are accessed by swipe cards issued to residential students and security keys possessed by police and Hall Coordinators. Residential suites are accessed by security keys issued to the assigned resident of each suite. Residence Hall rules published in student handbooks must always be followed. Hall Coordinators may impose additional rules as needed for safety and student order.

***All visitors may be screened for contraband.*** Any visitor refusing to be screened may be denied access to the building.

### **Around-the-Clock Protection**

The Department of Public Safety provides services twenty-four hours daily, including:

- Motorized and foot patrols of the campus and immediate vicinity by uniformed

police officers.

- 24-hour emergency medical services (EMS).
- Informational services regarding campus activities and community services.
- Response to requests for routine and emergency police and security services.
- Investigations of violations of campus rules and State and municipal laws.
- Monitoring of vehicular and pedestrian access to the campus.
- Parking enforcement.
- Monitoring of closed-circuit televisions and alarm systems that are strategically located throughout the campus.

In addition to marked police vehicles, the department also utilizes bicycles and radio communications when patrolling the campus. This capability allows for instant communications between all officers and local police agencies. The Department also has access to information from the National Crime Information Center through a joint communications center that services the CSU Police, EMS, and other local agencies.

### **Emergency Preparedness**

The CSU Emergency Management Plan helps manage, prevent, prepare, respond to, and recover from emergencies that could affect Central State University. It means having a comprehensive plan extending from all levels of emergency personnel down through the individuals that make up our community to prevent situations that cause emergencies; it means preparing people on the procedures to follow should a crisis occur; it means having a well collaborated response approach from University officials and city, state and federal agencies to effectively mitigate any crisis; and it means being ready and able to recover quickly from emergency events to keep CSU's mission actively moving forward.

### **Residence Life Response to Severe Weather Situations**

In the event of a severe weather situation (e.g., tornado), the procedures outlined below have been designed to ensure the safety of all residents and staff members. If a student becomes aware of an impending severe weather situation, he should contact his Resident Advisor or Residence Hall Coordinator as soon as possible for any specific instructions.

The following locations have been designated as safe areas within each hall:

- Anderson Hall: 1st floor hallway
- Foundation Hall I: 1st floor hallway
- Foundation Hall II: 1st floor hallway
- Fox Hall: basement
- Green Hall: 1st floor hallway
- Harry Johns Hall: basement
- Hunter Hall: basement
- Williamson Hall: basement
- MPC: First floor on all wings
- Honors: First floor
- Shorter Road Apts: Bathrooms or Robison Hall

**In any severe weather occurrence, students are instructed to:**

- Lock their rooms.
- Do not take personal belongings to the safe area, other than a flashlight and a pillow.
- Be sure to wear shoes/sneakers.
- Remain in the designated safe area until informed by a Residence Life staff member that it is safe to leave.
- Cooperate with all staff members and follow all instructions.

**Fire and Safety Policy**

Residence Hall Coordinators, Resident Advisors and Work-Study students are not permitted to pull the fire alarms except in the case of an emergency. False alarms do not count towards the mandatory fire drills.

Following is the evacuation procedure for each hall.

**Anderson Hall**

**Fire:** All residents must exit the building and assemble at the basketball court. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallway of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Fox Hall**

**Fire:** All residents must exit the building and assemble behind Carnegie Hall. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first floor of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Foundation Hall I**

**Fire:** All residents must exit the building and assemble in front of McLin. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallway of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Foundation Hall II**

**Fire:** All residents must exit the building and assemble behind Robeson. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallway of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Green Hall**

**Fire:** All residents must exit the building and assemble at the basketball court. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallway of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

### **Harry Johns Hall**

**Fire:** All residents must exit the building and assemble behind Carnegie Hall. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first floor of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

### **Hunter Hall**

**Fire:** All residents must exit the building and assemble in the College of Education. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the basement floor of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

### **Williamson Hall**

**Fire:** All residents must exit the building and assemble at the College of Education. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the basement floor of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

### **MPC**

**Fire:** All residents must exit the building and assemble at the football stadium. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallways of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

### **Honors Hall**

**Fire:** All residents must exit the building and assemble at the National African American Museum Parking Lot. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents must report to the first-floor hallway of the building. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents

### **Shorter Road Apartments**

**Fire:** All residents must exit the building and assemble at the Administration Parking Lot. The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents.

**Tornado:** All residents should take shelter in bathrooms or report to Robison Hall . The head count of all residents must be taken and documented. If possible, all rooms should be checked for residents

### **Power Outages**

During the tornado season, power outages are likely. It is important that we keep effective communication with our residents during this time. In the case of a power outage, encourage your residents to stay in their rooms with their doors locked. Resident Advisors (RAs) are asked to check on residents periodically and to do frequent floor walk-throughs. **RAs are to never walk alone during a power outage.**

### **Summary of Alcohol and Drug Policies & Health Risk**

The scope and impact of health risks from alcohol and drug abuse are both alarming and well documented, ranging from mood altering to life threatening. Abuse of alcohol and drugs alters behavior, distorts perception, impairs thinking, impedes judgment and sabotages opportunity. Substance abuse may result in deterioration of physical health by causing or contributing to various diseases, illnesses or birth defects that may result in permanent impairment or death. The University is committed to creating a safe and healthy learning environment for all members of the campus community. The University disapproves of any type of illegal drug use, improper use of legally prescribed drugs, alcohol abuse, intoxication, and any resulting unacceptable conduct. The following policy will be strictly enforced.

### **Substance Awareness**

Central State University is committed to the eradication of illegal drugs and to the maintenance of a drug-free environment. The University fully supports and endorses federal, state, and local laws that prohibit the unlawful possession, use, or distribution of illicit drugs or alcohol. In support of this commitment, the University has developed a comprehensive Alcohol and Drug Abuse Prevention Policy, which has been endorsed by the Board of Trustees of CSU. This Policy is published in the Faculty and Staff, and Student handbooks, as well as posted on the MyCSU website.

It is the responsibility of every administrator and member of the faculty, staff, and student body to familiarize themselves with these policies and the associated sanctions which may include suspensions, expulsion, and loss of financial aid eligibility, loss of academic credit, or termination and prosecution in the courts. Information regarding substance abuse education, counseling and treatment services can be obtained from any of the following locations:

- Health Services
- Counseling Services
- Human Resources
- Office of Student Affairs

## **Drugs**

The University prohibits the medically unsupervised use, possession, sale, manufacture, or distribution of illegal narcotics (including, but not limited to, barbiturates, hallucinogens, methamphetamines, cocaine, opium, heroin, or marijuana) or other drugs that may involve medical or psychological hazards to individuals or that may interfere with the rights and privileges of others. When such activity occurs on campus, the University shall initiate appropriate measures, which will include disciplinary action. In addition, such matters may be referred by the University to the law enforcement authorities. Violators will be subject to penalties that may include probation, suspensions, or expulsions from the University.

## **Ohio Laws Governing Alcohol – Legal Sanctions**

In the State of Ohio, no beer or other intoxicating liquor may be sold to any person under the age of 21:

*“Ohio Revised Code 4301.22; Rules for sales of beer and intoxicating liquor under all classes of permits and from state liquor stores.*

*Sales of beer and intoxicating liquor under all classes of permits and from state liquor stores are subject to the following restrictions, in addition to those imposed by the rules or orders of the division of liquor control:*

*(A)(1) Except as otherwise provided in this chapter, no beer or intoxicating liquor shall be sold to any person under twenty-one years of age...”*

## **University Policy on Alcohol**

The use, advertising, sale, consumption, distribution, or possession of alcoholic beverages is prohibited on any property owned or leased by the University or any department or division thereof.

1. Operating a motor vehicle while under the influence of alcohol is prohibited, as is possession of open alcoholic beverages in a vehicle. Violations of this policy will result in administrative and/or criminal adjudication.
2. Intoxication, as well as associated harm to others or damage to public or private property, is prohibited.
3. Alcohol may not be given as a prize for activities sponsored by the University or student organizations.

4. Alcohol may not be a part of membership recruitment or initiation processes by any student organization. The University assumes no responsibility for any liability incurred because of an individual's action, including actions that violate these regulations or any applicable Ohio laws governing the use and consumption of alcoholic beverages. Alcoholic beverage may be served to persons aged 21 or older at locations and functions designated by the University President or his designee, subject to the provisions of all University policies. For assistance in dealing with substance abuse problems, students are encouraged to contact either the Dean of Students or the Medical Director of the Health Center. Employees may contact their union representative, supervisor, director of Human Resources or the Director of the Health Center.

### **Sanctions**

The University considers violation of these alcoholic beverage regulations as unacceptable, and violators shall be disciplined in accordance with the severity of the violation. Sanctions for social misconduct and procedures for handling allegations of social misconduct are included in the Central State University Student Handbook. Sanctions may be accompanied by additional conditions, including appropriate counseling, participation in educational programs, and/or University or community service. Students will be disciplined if their use of alcohol or drugs precipitates disorder, public disturbances, danger to themselves and/or others, or leads to property damage. Any violation of Ohio state law may result in criminal prosecution and/or civil action.

### **Alcohol Policy**

The University adheres to and enforces all federal and state legislation governing alcohol. Alcoholic beverages may NOT be possessed, served, or consumed, even by those 21 years of age or older, in student rooms or in any area of the residence halls. Alcohol is not permitted in communal areas, including but not limited to, hallways, lounges, recreation areas, or outside a student's room, in cars, parking lots or any other University-owned or -controlled buildings. Common containers including, but not limited to, beer bottles, wine bottles and kegs of any kind are not permitted. **No beer or alcohol bottle collection is to be maintained or displayed in a room, even if occupants are 21 years of age or older.**

Alcohol may not be sold or purchased in residence halls. Each resident of university housing is responsible for informing his/her guests of these regulations and ensuring that the guests are following university policy on alcoholic beverages. The resident may be subject to disciplinary actions for guests' non-compliance with these regulations. Non-student guests may be subject to civil and criminal actions for violation of these regulations.

### **Crime Awareness**

The safety of students and staff is the top priority for the University and the University Police. While there is no absolute protection from crime, increased awareness of crime prevention techniques can help decrease the possibility of someone being a victim of a crime. The Central State University Student Handbook contains some simple, common-sense approaches to safety and security, on and off campus. Every student is encouraged to read the Student Handbook and adopt safe practices.

**Major Safety Programs**

- New Student Orientation is conducted at the onset of each semester.
- New employee orientations include a review of university safety and security procedures.
- Periodic public safety roundtables are conducted with student groups to address their concerns and provide latest information.
- Weekly meetings with employees are conducted to examine campus issues and concerns.

**Services Provided at CSU’s Student Health Center**

The University provides the following services at the Student Health Center:

- First aid
- Diagnosis and treatment of acute illnesses
- Treatment of acute muscular strains and sprains
- Pap smears and gynecological exams
- Sexually transmitted disease testing
- Treatment of genital warts
- Evaluation and treatment after acute injuries
- Suture removal
- Pregnancy testing (limited to once every 90 days unless medically necessary)
- Some prescription medications (antibiotics, non-steroidal anti-inflammatory drugs, birth control pills and topical creams)
- Counseling provided by licensed counselors
- Laboratory work
- X-rays
- Referrals to specialists when medically indicated
- Ambulance services in cases of emergencies

Students are encouraged to check with the Student Health Center to find out which services and pharmaceuticals are NOT covered. All medical and counseling services provided to university students are documented in the Central State University Student Health Plan handbook.

---

The following are examples of policy statements, notifications, letters, forms, and Timely Warning Bulletins that are used at Central State University.

---

## **Policy for Reporting the Annual Disclosure of Crime Statistics**

### **Example**

The University Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at [www.centralstate.edu](http://www.centralstate.edu). This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and branch, the department of Residence Life, the Judicial Affairs Officer, the division of Administration and Finance, and the division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest and referral statistics include those reported to the CSU Police, designated campus officials (including but not limited to directors, deans, department heads, judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses and that are not required by law to be included in the report. Ohio law (ORC 2921.22) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Student Health Services) when they provide medical services to a person they know or suspect, is suffering from wounds inflicted by a firearm or resulting from assaultive or abusive conduct. Counseling services staff inform their clients of the procedures to report crime to the University police on a voluntary or confidential basis, should they feel it is in the best interest of the client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a session.

Each year, an e-mail notification is made to all enrolled students to provide them access for report. Faculty and staff receive similar notification with their paycheck and in various University communications. Copies of the report may also be obtained at the University Police Department located in Simpson Hall or by calling (937) 376-6368. All prospective employees may obtain a copy from Human Resources in the Newsom Administration Building or by calling (937) 376-6018. The website address is attached to CSU employment applications. A partial version of this report is also published in the class schedule.

### **Timely Warning Policy**

#### **Example**

If a situation arises, either on or off campus, that, in the judgment of the university's Chief of Police, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued through CSU's e-mail system to students, faculty, and staff, and posted on the Campus Police webpage.

Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, the Office of Public Safety may also post a notice on the home page of CSU's web site at <http://www.centralstate.edu>, providing the university community with more immediate notification. In such instances, a copy of the notice is posted at the front of each residence hall. The electronic bulletin board is immediately accessible via computer by all faculty, staff, and students. Anyone with information warranting a timely warning should report the circumstances to the University Police, by phone at (937)376-6368 or in person at the Department of Public Safety located in Simpson Hall.
